"...Seawhite cartridge is extremely versatile; the surface has the perfect 'tooth' for a pencil so a pencil does not glide - it works well with all media..."

Pete Gardiner, Art & Design Department, S.E. Derbyshire College.

"...cost effective and multipurpose, our school at the University Centre in Barnsley uses Seawhite cartridge because the quality is better and we can use it for all dry and wet applications from drawing to etching."

Maurice Senior, Head of Creative Studies, University of Huddersfield.
