"...your wonderful company first came to my attention 9 years ago when I was studying a foundation course at Dewsbury College, you also helped me and my friends through a degree at Bradford... over the years I must have tried over 60% of your products and I have never been disappointed, the quality always exceeds my expectations, the service is exemplary, my order always arrives in full, well packaged and without delay...thank you for making art an affordable subject to study and a more profitable profession to follow."

Sarah Ambler, Professional Artist.
