

# wire & withies

Seawhite have a range of useful wires for modelling, all at highly competitive prices.

## ALUMINIUM MODELLING WIRE

Soft malleable rod, used as a design medium in its own right, or as an armature.

MODAW1M	<b>3.2mm Aluminium Wire</b>	1 metre	box of 50
MODAW	<b>3.2mm Aluminium Wire</b>	500g	coil

## WIRE MESH

13mm gap galvanised steel mesh. Useful for a variety of modelling, in conjunction with Modroc this netting may be cut & shaped to create a basic armature.

MODWM	<b>Wire Mesh</b>	900mm x 10 metres	per roll
